

FINANCIAL AID AT THE LYCÉE FRANÇAIS LA PÉROUSE

The primary responsibility for financing a student's independent school education rests with the family, however, financial aid is available through the French government and the school according to need. If you are not sure whether you might qualify for financial aid or have other questions about the financial aid application process, please contact the Director of Finance, at (415) 661-5232 x1701 or bcrabe@lelycee.org.

B – Application procedure

What

School related costs that are eligible for a financial aid are annual tuition fees, entrance and first enrollment fees, school bus fees, and French exam registration fees. Children may be granted a partial or full scholarship which may be calculated based on a maximum tuition fee.

Where

Financial aid forms are available on the French Consulate's website ([consulfrance-sanfrancisco.org](http://www.consulfrance-sanfrancisco.org)), on the Lycée Français La Pérouse's website <http://www.lelycee.org/admissions/financial1011.en.php> or at the reception desk of each of the Lycée's campuses.

When

Applications must be submitted by the deadline given by the French Consulate. Families already established in the U.S. submitting a first time application or renewing their application for a French Government financial aid for 2010-2011 must do so by **February 12, 2010**. Families arriving in the U.S. during the summer have a different deadline that will be published later in the year. Their applications will be examined at the French Government Scholarship Committee meeting held in October.

How

Complete the application form available at the French Consulate or at the Business Office of the Lycée Français La Pérouse including all required accompanying documents to substantiate the family's resources and living standard. The list of required documents is included in the application package. All incomplete applications will be rejected.

Submission of your application

Before submitting your application, please make an appointment with Blanche Crabé, Director of Finance (415) 661-5232 x1701 or bcrabe@lelycee.org to review and sign your completed application. Then, make an appointment with Ms. Carine Courcoux, French Government Scholarship Applications at the French Consulate, to submit your application in person. Ms. Carine Courcoux can be contacted by telephone at (415) 616-4913 or fax at (415) 397-0826.

C - Evaluation process

The Consular services consider the applicants' family situation and resources relative to an allocation scale. They also verify the compatibility of tax returns with the family's standard of living. Real estate and other investments are taken into account. Further investigations may be conducted.

In case of a reconstituted family (second marriage, domestic partnership, PACS), the couple's revenues are taken into account. In case of a legal separation or divorce, the ex-spouse's revenues are also taken into account.

Accepted applications are presented to a local scholarship committee composed of key representatives of the French community: Consul Général, Delegates of the Superior Council of French Nationals abroad, Vice Consul, Cultural Attaché, representatives of the schools, parents, and representatives of associations of French Nationals abroad. This committee's recommendations are sent to the Agency for French Education Abroad (AEFE), which makes the final decision on allocation after consultation with the French National Committee of Scholarships.

You should know:

French Government scholarships granted to French children living abroad with their families are attributed every year within budget limits established by the AEFE. **The level of financial help available to families may vary from year to year.**

D - Decision

Following the Agency's decision, after consultation of the National Committee of Scholarships, the French Consulate notifies families on the level of financial aid, if any, granted to them. Rejections may be appealed through the French Consulate at the discretion of the Director of the AEFE. French Government financial aid is paid directly to the school.

PLEASE NOTE!

Scholarship applications are independent from school enrollment applications. Do not forget to enroll your children!

SCHOLARSHIP APPLICATIONS MUST BE RENEWED EVERY YEAR.

For more information on French Government financial aid applications, please visit the website of the Agence Française pour l'Enseignement Français à l'Étranger (<http://www.aefe.diplomatie.fr/>).

II – SCHOOL FINANCIAL AID

A - Granting Principles

Every year, the Lycée Français La Pérouse allocates a certain amount of its budget for school financial aid and the Seona Herail scholarship. **Applications received in February will be given priority at the first School Scholarship Committee meeting scheduled for the first half of March 2010. School Scholarship applications are accepted and processed throughout the year, until all funds have been disbursed.** All requests for aid are strictly confidential. Financial aid is granted to children attending **PreK2** to 12th grade, without regard to race, color, religious affiliation, national origin or ethnicity. Financial aid decisions are made independently from admissions decisions. To maintain eligibility for financial aid, families must keep their accounts current or have made documented payment arrangements with the Business Office. French families are eligible for financial aid from the school, but must first apply for French Government financial aid (see above). Their applications are examined after their level of French Government financial aid has been determined.

Financial Need Assessment

The Lycée uses the School and Student Service for Financial Aid (SSS) in Princeton, New Jersey, to determine need. Financial aid decisions are made by the school's Financial Aid Committee after review of the computed Parent's Financial Statement (PFS) from the SSS and other requested financial documents (see list below).

Who Should Apply

The SSS provides common and objective criteria by which each family's need can be assessed fairly and equitably. You are encouraged to apply if you believe that your resources are inadequate to meet tuition costs. Financial aid may be awarded to students from PreK2 through 12th grade.

Financial Aid for Divorced or Separated Families

The School expects both natural parents to contribute to the cost of education to the extent of their ability. The non-custodial parent must complete and file a Parent's Financial Statement (PFS) as well as submit copies of the documents listed below to the Lycée's Business Office.

Renewal of Financial Aid

Financial aid is given on a yearly basis up to the limit of the school's financial aid budget. Families currently receiving a financial aid must reapply for aid each year. The Lycée mails forms to all existing financial aid recipients. Families may expect to receive aid as long as their financial circumstances remain essentially the same, their commitment to the schools' values remains strong, and the student's performance is satisfactory.
