

LYCÉE FRANÇAIS
DE SAN FRANCISCO

MIDDLE SCHOOL US MATHEMATICS TEACHER

The Lycée Français de San Francisco is currently seeking qualified applicants for a Middle School US Mathematics Teacher for the **2022-2023** school year to teach Middle School students select Common Core math curriculum from Grade 6, 7 and 8.

The Lycée Français de San Francisco is a French Immersion College Preparatory School in the San Francisco Bay Area. We provide a challenging educational environment based on the French national curriculum, enriched by English classes from PS-12th grade. Our curriculum is designed to provide students with a well-structured, well-assimilated body of general knowledge, while encouraging the development of analytical and critical thinking skills. Our students earn an American high school diploma, as well as prepare for the French Baccalauréat, which qualifies them for both American and European Universities.

In close collaboration with French Mathematics teachers, examples of topics to be covered include:

- Operations with rational numbers
- Draw construct and describe triangles
- Use properties of operations to generate equivalent expressions
- Solve real-life and math problems using numerical and algebraic expressions and equations
- Problem solving involving angles
- Add, subtract, multiply and divide rational numbers
- Draw, construct and describe geometrical figures and describe relationships between them
- Exponents and problems involving scientific notation
- Solve real-life and math problems involving surface area
- Ratios and proportional relationships through problems
- Equations and problems from AMC8
- Solve real-life and math problems involving volumes
- Use random sampling to draw inferences about a population Draw informal comparative inferences about two populations Investigate processes and develop, use, and evaluate probability models.
